

Good morning Orissa! Clear skies and relatively clear air compared to hazy Singapore.

Dr Shiva and the TVM team's usual charming welcome.

Saying hello to old friends. Flowers for each of us (must be Jason's first time getting flowers from a lady, he's so happy!)

Agenda for the day!

Bindi in-situ

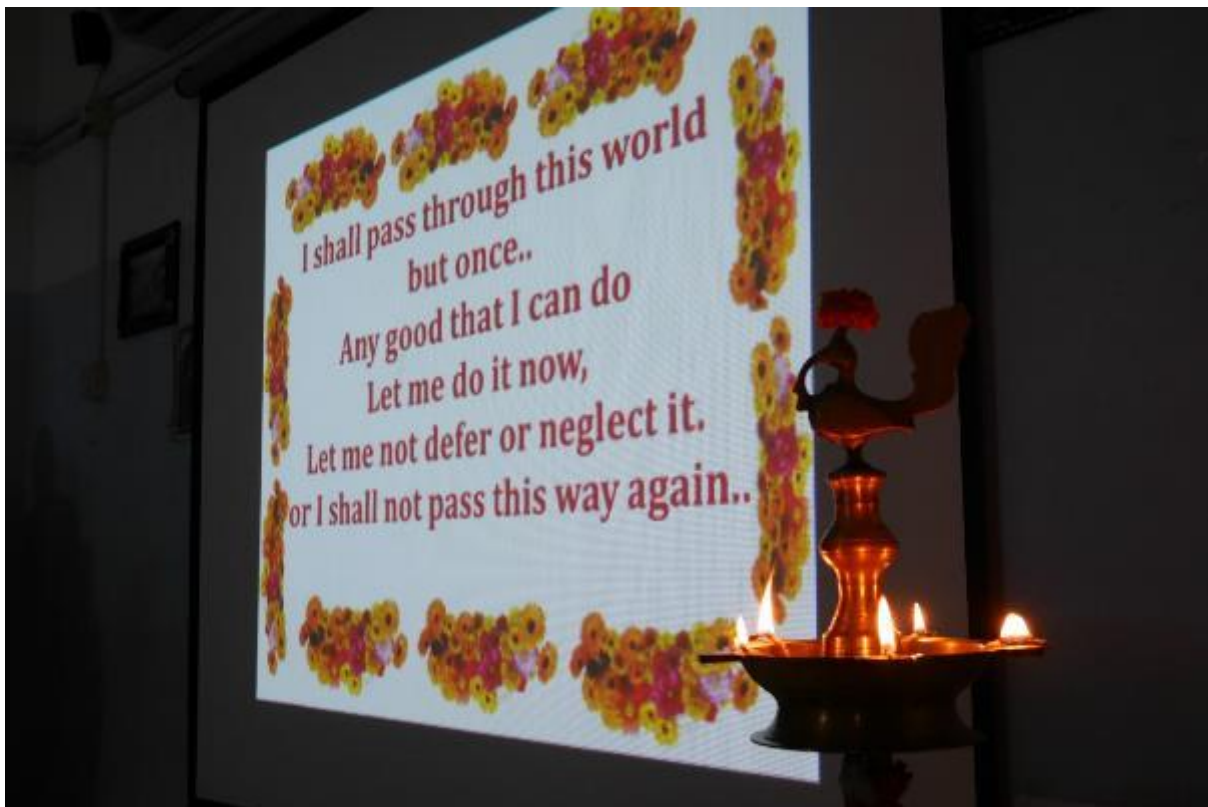

Panel of speakers and organisers

An impassioned welcome speech by Dr Shiva

Idealistic words, quoted by a man who lives these ideals

JP Chen is first up to bat to introduce the topic for today

Grace setting the record straight on systemic and ocular management of diabetic retinopathy

In turn promoting enriching discussions between a Diabetologist and the Ophthalmology Consultants

Jason took the spotlight with an excellent summary of diabetic macular oedema

In turn, he inspired fellow speaker Dr Santosh to give his experienced input on the topic

Jason clarifying points in the management of diabetic macular oedema

2 lady Consultant Ophthalmologists from the local college

Dr Santosh providing an enlightening lecture on Vitrectomy in Diabetes

Guest speakers united

Doctors from all walks gathered

Home cooked Indian food for lunch

A sweet lady Paediatrician who came for the talks

Our tokens of appreciation
